Enjoy the Visual Art Journey of Liturgical Artist & Design Director

Join us as we explore the concept and possibilities of establishing a personal sacred space in our homes. A place of order, beauty, focus and prayer. A sense of holiness, looking to God. A personal, private space of your own. From a simple sitting area, garden spot, dresser top, hallway wall, a converted closet, or an entire room. A sacred space for the home allows us outward signs and symbols of our inner faith.
