

The Wyeast Artisans Guild is pleased to introduce Senior Artist and Design Director, Greg J. Lewis of Greg Lewis Studios. Greg is scheduled as our guest speaker for the March 19th, WAG meeting. Together we'll share in the work of his 45-year studio practice. He creates contemporary art and decor for clients in architecture, interior design, publishing, art collections, art restoration, liturgical and healing environments.

As a retired Art Professor and member of Oregon Society of Artists, Greg heads up its exhibit installation team and offers monthly art appreciation lectures, which are free and open to artists and non-artists alike.

Join us for an overview of five of his art projects in wood, metal, stained glass, collage prints and art on canvas.
